COMMUNITY GREEN UP DAY

Saturday, April 8, 2017
9 am – Noon

Sites to be Announced
Visit gaithersburgmd.gov for Details

Join hundreds of volunteers to make a difference in your community by cleaning up and beautifying local streams, schools, parks, and HOA common areas. The City is looking for volunteers; students can earn student service learning credits (bring paperwork with you).

Wear clothing and footwear that are weather appropriate and that you don't mind getting dirty, muddy and wet. The City will supply equipment, but you're welcome to bring your own gardening materials and gloves for landscape and planting projects.

To learn more about volunteering contact Dyan Backe,
the City's Sustainability Coordinator, 240-805-1253, dyan.backe@gaithersburgmd.gov

April is Green Month in Gaithersburg. Explore other activities hosted
